What Is The Emotion Code?

The Emotion Code is the simplest way to get rid of your emotional baggage, helping you feel freer, happier and healthier!

The technique was created and refined by a chiropractor, Dr. Bradley Nelson, who realized that his patients' aches and pains were more than just physically based– they were emotional. Dr. Brad coined the phrase "Trapped Emotions" which are negative energies that become trapped in the body during stressful emotional events.

Because the body is made of pure energy, the negative energy of Trapped Emotions can exert a damaging force on the body, which usually worsens over time. Trapped Emotions cause pain, self-sabotage, emotional problems and all kinds of malfunction and disease.

Your Certified Emotion Code Practitioner has been trained to discover and release your Trapped Emotions. This helps clear the way for your body's natural ability to heal itself, often resulting in a reversal of the disease process and a disappearance of emotional and physical ailments. The Emotion Code has been able to help all kinds of difficulties, including but not limited to all those listed on the right.

The Emotion Code is non-invasive, totally safe and requires very little time and effort on your part. No dredging up the past is required, which makes it very cost effective compared to other kinds of therapy. Everything discussed or discovered with your practitioner is always confidential.

How Does It Work?

The subconscious mind is the ultra intelligent computer system of the body. It knows just what you need in order to be healthy and happy. The Emotion Code uses questions and muscle testing (a form of biofeedback) to get information from the subconscious about a Trapped Emotion. Once it has been identified, it can be released using a combination of two important elements: the modern technology of therapeutic magnets and the Ancient principles of Chinese Medicine. A magnet acts as a powerful carrier for the practitioner's intention to release the emotion. When that magnified intention energy is placed into the body via the Governing Meridian (a major energy channel in the acupuncture system), it flows through the body instantly and releases the emotion!

Great for kids and pets too!

Your results will depend on how many Trapped Emotions you have and how quickly your body responds after they are removed. Releasing Trapped Emotions helps restore balance to the body- so your body's natural healing ability will be allowed to return. This helps the body recover gently from your ailments and gain a stronger immune system too!

Is Love Possible...Again?

One of the best parts of The Emotion Code is removing the Heart-Wall. We estimate that 93% of the human population have a literal wall around the heart made of multiple layers of Trapped Emotional energy. The Heart-Wall is created by the subconscious mind in order to protect the heart from grievous injury, and it's a good thing we have this protective mechanism when we need it.

The problem is that having a Heart-Wall long term is like living in a bomb shelter— it's nice to have its protection while the bombs are falling, but if you have it forever you'll end up feeling disconnected and unfulfilled. Have you ever felt this way? Like you were on the outside looking in? Have you felt blocked from giving or receiving love? Have you had much difficulty recovering from loss? A divorce? Abuse? If so, it's likely you have a Heart-Wall. The good news is that clearing it is easy and can be life-changing! Don't wait any longer to get rid of your Heart-Wall and open your heart to feeling true, deep love & happiness again. A fun, beautiful life is just around the corner!

Where Do I Start?

The first step is to contact your Certified Emotion Code Practitioner (CECP) and set up an appointment. The process is simple— all you need to do is show up or call in for your appointment and be ready and willing to heal!

You can discuss the options with your practitioner to either target a particular physical or emotional problem, or you can keep it more general and request to release the Trapped Emotions that are preventing you from achieving total wellness or your true potential.

You'll find it simple and fast, but also effective and long-lasting. The other great thing about The Emotion Code is that you only need minimal knowledge of how the technique works. You can leave all the rest to your knowledgeable certified practitioner.
